EH series : Hand pallet trucks

Designation	1.1	Manufacturer			MANITOU			
	1.2	Model type			EH 20S & EH 20L	EH 20S 55 Low profile	EH 10 MHL (Manual High Lift)	EH 10 EHL (Electric High Lift)
	1.4	Nominal capacity	Q	t	2	2	1	
	1.5	Centre of gravity	c	mm	600	600	600	
	1.7	Driving method			Walk-along	Walk-along	Walk-along	
	1.8	Wheels: N=Nylon, C=Rubber, P=Polyurethane operators side/load side			N or C or P / N or P	C/P	P/P	
Dimensions	2.1.1	Lifting height	h3	mm	205	170	800	
	2.2.1	Lowered height	s	mm	85	55	85	
	2.2.2	Standard forklength	l	mm	1150	1150	1140	
	2.2.3	Width over forks	m	mm	530 & 680	540	520	
	2.2.4	Forkwidth	n	mm	150	160	160	
	2.3.1	Length of drive unit	L2	mm	400	400	340	480
	2.3.2	Length over all	L	mm	1550	1550	1480	1620
	2.6.1	Turning radius	Wa	mm	1350	1350	1280	1420
Weight	3.1	Weight		kg	72 & 75	83	105	140
Chassis	5.1.1	Number of wheels operators side/load side			2 / 2 or 4	2 / 4	2 / 2	
	5.1.2	Wheel dimensions on load side		mm	82 or 72	50	88	
	5.1.3	Wheel dimensions on operators side		mm	200	180	150	
	5.3.2	Parking brake			Hand (option)	Without	Without	
Performances	6.2	Battery (voltage/capacity)	V/Ah	-	-	-	-	12 V / 63 A/h

EH 20S & EH 20L :

- Quick lift pump standard 2 years warranty
- EH 20S Fork length 800 mm available on request
- EH 20S & EH 20L Fork length 950 mm on request
- Entry and exit rollers at forktips
- Rubber covered handle
- Parking brake (option) only available with rubber steerwheel

Entry and exit rollers

Parking brake

EH 10 MHL & EH 10 EHL :

- Polyurethane steerwheel
- Single polyurethane load rollers
- Stabilisers (EH 10 MHL) in front of the load rollers and steerwheel to block the truck when liftheight of 420 mm is reached
- Rubber covered handle
- External charger 10 ah/12v (EH 10 EHL)
- Lift/lower button on handletop to control the electric lift (EH 10 EHL)
- Charge indicator of battery (EH 10 EHL)
- Yellow warning stripes on scissor legs
- Safety device on handle to block lifting or lowering action on the lever (EH 10 MHL)

The highlift pallet truck **EH 10 MHL & EH 10 EHL** applications of hand pallet trucks and liftingtables.

With its 1 t lifting capacity (electric or manual) it is a must in handling to bring the load to an ergonomic workingheight.

Stabilisers
